

# 1st Grade News

March 2018 Issue

## Reading

In March, we will continue reading stories about the cause and effect of change. The students will be retelling stories, including key details, and demonstrating understanding of their central message or lesson. The students will also distinguish between information provided by pictures or other illustrations and information provided by the words in a text. In writing, the students will write informative/explanatory texts in which they name

a topic, supply some facts about the topic, and provide some sense of clo-

## Social Studies

We will be learning about ways that people change the environment by recycling, cutting down trees, planting

## Health

In Health, we will begin discussing dental health. We will talk about how to take care of our teeth and the importance of

## Math

We will continue to practice solving word problems whose sum is less than or equal to 20, We will also continue working on addition and subtraction with the unknown in all positions. We will continue to develop our understanding of whole number relationships, number concepts, place value and greater than, less than and

## Science

Students will continue developing an understanding of the physical properties of Earth. Students will summarize the physical properties of earth materials including rocks, minerals, soils and water that make them useful
